**nb. Bamboo products may vary to that shown (colour, blemishes, grain and other inconsistencies) - it adds greatly to the individuality of each order.*

Material/s

Bamboo: Moso® Bamboo material only comes from licensed managed forests and once harvested every 5 years is made in production facilities that are ISO 9001 quality and ISO 14001 environmental third party certified. It complies with the most stringent international material standards. Moso® bamboo combines all of the virtues of hardwoods with the immense growing capacity of the highly renewable giant Moso® bamboo species and can therefore act as a green carbon negative alternative material where no additional water or pesticides are needed. Bamboo material simply biodegrades at end of life.

Printing and Engraving on Bamboo: Bamboo is soft enough to get a beautiful deep engraving while hard enough not to burn and char. It has great ink adhesion for printing, with little or no colour change on process print.

Fitting: 1.5mm magnetic vinyl discs
