

# 'Fluid' Freestanding Acrylic Award

product specifications

## Details

- Solid freestanding Greencast® acrylic award with a circular cutout 'window' constructed in 4 layers around a 'fluid' graphic motif
- 2 x 5mm clear Greencast® acrylic layers are supported between 2 x 10mm black Greencast® acrylic layers at the front and rear
- Superb quality digital print to the clear acrylic inner layers and black acrylic front
- Easy personalisation, just add your text and logo to this pre-designed layout
- 2 more designs in this style: 'connect' and 'green' motifs (see online for details)
- No minimum order quantity
- Call off and monthly administration systems are available

## Material/s

**Greencast® acrylic** is produced from 100% recycled acrylic and is 100% recyclable at the end of its useful life if disposed of correctly, creating a full circular economy for the prevention of acrylic plastic waste ending up in landfill. Greencast® acrylic uses a proprietary process for the recovery of the original solvent (PMMA) for the production of new acrylic which can, in turn, be recycled countless times without ever losing its virgin quality. All our Greencast® acrylic factory waste is recycled for zero landfill production.

## Size/s

(w) 130mm x (h) 130mm x (d) 30mm
