Material/s

Badge: Moso® Bamboo material only comes from licensed managed forests, is harvested every 5 years and made in a factory that is ISO 9001 quality and ISO 14001 environmental third party certified. It complies with the most stringent international material standards. Moso® bamboo combines all of the virtues of hardwoods with the immense growing capacity of the highly renewable giant Moso® bamboo species acting as a green carbon negative alternative material where no additional water or pesticides are needed. Bamboo material simply biodegrades at end of life.

Printing and Engraving on Bamboo: Moso® Bamboo is soft enough to get a beautiful deep engraving whilst hard enough not to burn and char. It has great ink adhesion for printing, with little or no colour change on process print.
