

'Arch' Real Wood Block Award - 95mm x 175mm

product specifications

Details

- 28mm thick solid real wood block award
- Made in the UK from sustainably sourced wood supplies
- Laser engrave or full colour print to the front surface only
- Choice of oak, cherry or maple as standard or walnut at a small extra cost
- Hand finished with satin wood oil and wax
- No minimum order
- 16 other unique shapes in up to 4 sizes also available in this range (see p.02 for details)
- Bespoke shapes & sizes possible on supply of artwork ideas at an additional cost

Size/s

70mm x 125mm x 28mm	95mm x 275mm x 28mm
80mm x 150mm x 28mm	110mm x 200mm x 28mm

**nb. Wood products may vary to that shown. Natural inconsistencies occur in wood (colour, blemishes, grain) which add greatly to the individuality of each order.*

Material/s

Wood is inherently renewable and sustainable when properly sourced and managed and we only use wood from suppliers with proven supply chain certification to international standards. As a natural organic material, wood has a lighter carbon footprint than almost all synthetic materials. All wood types simply biodegrade at end of life. Production waste is used in agriculture and for home heating due to its incredibly low moisture content.

Oak is light to medium brown in colour. Engraving produces a distinctive 'burnt' effect quite different to other wood types but with a good level of contrast.

Cherry is pinkish brown when freshly cut, darkening to a warm reddish brown over time. Great to engrave, producing strong contrast and good clarity.

Walnut ranges from pale brown to dark chocolate brown with darker brown streaks. Engraves well but the darkness of the wood provides less contrast than other wood types.

Maple ranges from very light, nearly white to an off-white cream, sometimes with a golden hue. Closed, wavy grain it engraves well with good definition but contrast is not as strong as other wood types.

All wood types have good ink adhesion, digitally print well, with good colour accuracy.
