73mm x 19mm oblong	64mm x 34mm oval

**nb. Wood products may vary to that shown. Being a completely natural material, it varies in colour, blemishes, grain and other inconsistencies*

Material/s

Badge: Wood is inherently renewable and sustainable when properly sourced and managed and we only use wood from suppliers with proven supply chain certification to international standards. As a natural organic material, wood has a lighter carbon footprint than almost all synthetic materials. All wood types simply biodegrade at end of life. Production waste is used in agriculture and for home heating due to its incredibly low moisture content.

Oak is light to medium brown in colour. Engraving produces a distinctive 'burnt' effect quite different to other wood types but with a good level of contrast. All wood types have good ink adhesion, digitally print well, with good colour accuracy.

Fitting/s

Bar pin,
Black or White
(Standard fitting)

Metal clip and pin
(Standard fitting)

Name badge magnet
