

Triple Wood Column Award

product specifications

Details

- Solid triple wood column award made from 28mm oak, walnut and maple layers
- Made in the UK from sustainably sourced wood supplies
- Laser engraved or full colour print to the front oak surface only
- Hand finished with satin wood oil and wax
- No minimum order quantity
- Bespoke shapes & sizes possible on supply of artwork ideas at additional cost
- Shipped in plastics free packaging

Size/s

(w) 70mm x (d) 75mm x (h) 245mm

**nb. Wood products may vary to that shown. Being a completely natural material, it varies in colour, blemishes, grain and other inconsistencies - it adds greatly to the individuality of each order.*

Material/s

Wood is inherently renewable and sustainable when properly sourced and managed and we only use wood from suppliers with proven supply chain certification to international standards. As a natural organic material, wood has a lighter carbon footprint than almost all synthetic materials. All wood types simply biodegrade at end of life. Production waste is used in agriculture and for home heating due to its incredibly low moisture content.

Oak is light to medium brown in colour. Engraving produces a distinctive 'burnt' effect quite different to other wood types but with a good level of contrast.

Walnut ranges from pale brown to dark chocolate brown with darker brown streaks. Engraves well but the darkness of the wood provides less contrast than other wood types.

Maple ranges from very light, nearly white to an off-white cream, sometimes with a golden hue. Closed, wavy grain it engraves well with good definition but contrast is not as strong as other wood types.

All wood types have good ink adhesion, digitally print well, with good colour accuracy.
